A MESSAGE FROM THE FOUNDER

BUILT ON EXPERIENCE. DRIVEN BY OPPORTUNITY.

BILAL (BILL) TAJEDDINE
Founder & President

"

Throughout my career, I have seen first-hand that **successful projects are built on strong partnerships,** a clear understanding of needs, and the ability to bring the right people, products, and solutions together at the right time.

At **TAJ Enterprises,** our mission is to **create real opportunities** by connecting construction and infrastructure projects with **reliable international manufacturers, suppliers, and specialist partners.** We go beyond introductions — we help develop practical, cost-effective solutions, coordinate execution, and deliver measurable results.

Our commitment is simple: **to be a trusted, professional, and results-oriented partner** for project owners, developers, contractors, and international suppliers who seek to grow, expand, and succeed in our target markets.

I personally invite you to explore how **TAJ Enterprises** can add value to your business, open new markets, and create **long-term, mutually beneficial opportunities.**

Let's build together.

Trusted Partnerships | **Real Opportunities** | **Measurable Results**

THE RIGHT PARTNERSHIPS CREATE THE FOUNDATION FOR SUCCESSFUL PROJECTS.

Our Corporate Identity

A Canadian Foundation. An International Perspective.

TAJ Enterprises is a Canadian-based international business company focused on the **sourcing, supply, and sale of building materials**, while developing strategic commercial partnerships and supporting construction and infrastructure opportunities across international markets.

We connect project owners, developers, and contractors with qualified manufacturers, suppliers, and specialist partners. Depending on the engagement, we also coordinate procurement, commercial negotiations, and defined project or administrative functions under an agreed scope of responsibility.

Building Materials | **Global Sourcing** | **Commercial Partnerships**

Our Vision

To be a recognized and trusted international commercial partner connecting markets and delivering practical solutions for the **supply of building materials** and sustainable business growth in construction and infrastructure.

Our Mission

To **source, supply, and sell quality building materials,** connect reliable buyers and suppliers, and support construction and infrastructure opportunities through commercial development, procurement coordination and project execution.

Our Core Values

- **Integrity & Professional Ethics**
- **Accountability & Transparency**
- **Trusted Partnerships**
- **Quality & Reliability**
- **Value Creation**
- **Commitment to Measurable Results**

CONNECTING MARKETS • BUILDING PARTNERSHIPS • CREATING OPPORTUNITIES

A Trusted Partner for Building Materials, Construction and Infrastructure Solutions.

OUR BUSINESS MODEL

A practical, integrated model connecting supply, markets and projects.

TAJ Enterprises combines direct sourcing, supply and sale of building materials with international trade, strategic partnerships and project development to deliver commercially focused solutions.

OUR COMMERCIAL ACTIVITIES

01

SOURCING & SALE OF BUILDING MATERIALS

Identify, source, procure, supply and sell building and construction materials to contractors, developers and distributors.

02

INTERNATIONAL TRADE & PARTNERSHIPS

Connect manufacturers and suppliers with buyers, build commercial relationships and support international market entry.

03

PROJECT DEVELOPMENT & SUPPORT

Identify project opportunities, engage suitable specialist partners, coordinate procurement and provide commercial project support within agreed responsibilities.

OUR COMMERCIAL PROCESS

01 IDENTIFY Opportunities

02 CONNECT & Structure

03 SOURCE & Supply

04 COORDINATE & SUPPORT DELIVERY

TAJ ALLIED BUSINESS NETWORK (TABN)

A developing international network of independent manufacturers, suppliers, engineering firms, contractors, technology providers and project specialists, engaged according to specific commercial and project opportunities.

- Manufacturers & Suppliers

TAJ Allied Business Network (TABN)

The TAJ Allied Business Network (TABN) is a developing international network connecting manufacturers, suppliers, engineering firms, contractors, and specialized service providers. Through opportunity-driven collaboration, TAJ Enterprises brings together suitable commercial and technical capabilities to support building-material supply, construction, infrastructure, and project opportunities.

The TABN Advantage

- Access to qualified and evaluated partner capabilities
- A wide range of products, technologies and project capabilities
- Flexible, non-exclusive collaboration
- Greater market reach and new business opportunities
- Coordinated commercial and specialist project support
- Long-term, sustainable partnerships

TABN partners operate independently, with responsibilities and commercial arrangements defined for each engagement.

Our Collaboration Model

1. Identify Opportunities
2. Engage Qualified Partners
3. Develop Solutions
4. Coordinate Engagements
5. Support Delivery & Results

A Global Partner Network Delivering Real Opportunities and Tangible Results.

Why Choose TAJ Enterprises?

Your Strategic Business Partner for Building Materials, Construction and Project Opportunities.

We connect international supply, technical expertise and qualified partners to develop practical, commercially focused solutions that create value and deliver real opportunities in our target markets.

MARKET ACCESS & OPPORTUNITY DEVELOPMENT

Identify and develop commercial opportunities, connecting buyers, suppliers and project stakeholders in targeted markets.

INTERNATIONAL PARTNER NETWORK (TABN)

A developing network of independent manufacturers, suppliers, engineering firms, contractors, and project specialists, engaged according to specific business opportunities.

BUILDING MATERIALS — SOURCING, SUPPLY & SALES

Source, procure, supply, and sell building materials through international manufacturers and suppliers, according to client specifications and commercial requirements.

PROJECT DEVELOPMENT & COORDINATION

Support project opportunities through commercial planning, procurement coordination, and engagement of qualified specialist partners for technical execution.

INTERNATIONAL MARKET CONNECTIVITY

A Canadian business foundation with regional presence in Lebanon, connecting opportunities across targeted markets in the Middle East, Africa, Europe, Asia and North America.

FLEXIBLE & COMMERCIALLY FOCUSED APPROACH

Provide tailored commercial arrangements and practical solutions aligned with client requirements, defined responsibilities, and mutual value.

PROFESSIONALISM, INTEGRITY & ACCOUNTABILITY

Build lasting business relationships through transparent communication, responsible coordination, and commitment to agreed commercial objectives.

Connecting Global Supply with Real Project Opportunities.

Our Business Process

A structured, end-to-end process that turns opportunities into real projects and measurable results.

1 IDENTIFY Opportunities

2 EVALUATE & STRUCTURE

3 SOURCE & PROCURE

4 COORDINATE & EXECUTE

5 DELIVER Results

End-to-End Project Support

- Market and project opportunity assessment
- Partner and supplier selection
- Sourcing, procurement and supply
- Contracting and project coordination
- Follow-up, delivery and after-sales support

The Result

Reliable Supply | **Efficient Execution** | **Successful Project Delivery**

From Opportunity to Project Delivery, TAJ Enterprises Brings the Right Partners, Solutions and Execution.

Our Commitment to Clients & Partners

Building successful, long-term business relationships based on trust, value and results.

TRUST & INTEGRITY
Fair, transparent and professional in all our business dealings.

QUALITY & RELIABILITY
Partnering with qualified and reputable suppliers to ensure high-quality, compliant materials and solutions.

VALUE CREATION
Developing practical, cost-effective and sustainable commercial solutions that create long-term value for our clients and partners.

GLOBAL SOURCING & MARKET ACCESS
Connecting you to the right building materials, suppliers, technologies and project opportunities worldwide.

PROJECT COORDINATION & SUPPORT
Coordinating commercial activities, resources and logistics, and engaging qualified specialist partners to support successful project delivery.

LONG-TERM PARTNERSHIPS
Focused on mutual growth, repeat business and sustainable success.

Our Value to You
